DYNA-BALANCED
5 POLE ARMATURE

Tyco-made precision motors deliver maximum power with minimum electric consumption. 5 pole motors assure smooth operation even at "crawl" speeds and through to top speed.

WORM & GEAR
DRIVES, NYLON

Positive power drive and quiet, smooth operation at all speeds, plus long life.

PRECISION FITTED
WHEEL BEARINGS

Of solid brass on all drive wheels. Minimum friction drag, long life and maximum power efficiency.

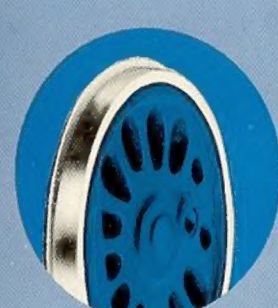

NYLON TYCOMATIC
NMRA COUPLERS

Combining realism with excellent automatic coupling and uncoupling.

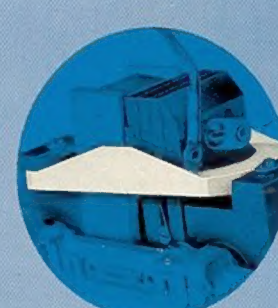

DIE-CAST ZAMAC
METAL BOILERS

Give weight for maximum traction plus realistic, minute detail and ruggedness.

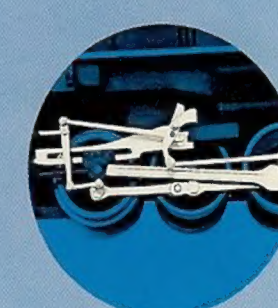

NICKEL PLATED
TIRES

Brass for maximum conductivity with realistic nickel plate for beauty.

GIMBAL MOUNTED
SELF-CONTAINED
DIESEL POWER TRUCKS

Permits truck to rock in all directions and maintain sure traction and contact on roughest track. Traction ring drive wheels.

AUTHENTIC WORKING
VALVE GEAR

Provides prototype realism with perfect detail.
